Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 2: A caption spanning both columns stays in the reading flow.

2. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 3

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 3: A caption spanning both columns stays in the reading flow.

3. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 4

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 4: A caption spanning both columns stays in the reading flow.

4. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 5

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 5: A caption spanning both columns stays in the reading flow.

5. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 6

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 6: A caption spanning both columns stays in the reading flow.

6. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 7

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 7: A caption spanning both columns stays in the reading flow.

7. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 8

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 8: A caption spanning both columns stays in the reading flow.

8. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 9

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 9: A caption spanning both columns stays in the reading flow.

9. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 10

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 10: A caption spanning both columns stays in the reading flow.

10. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 11

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 11: A caption spanning both columns stays in the reading flow.

11. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 12

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 12: A caption spanning both columns stays in the reading flow.

12. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 13

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 13: A caption spanning both columns stays in the reading flow.

13. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 14

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 14: A caption spanning both columns stays in the reading flow.

14. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.

Chapter 15

Across the page before the columns.

Left column begins.

Body text stays readable and remains selectable. Automatic movement follows this column first.

Left column ends.

Right column begins.

Body text in the other column is not page furniture. A repeated sentence in the body must remain.

Right column ends.

Figure 15: A caption spanning both columns stays in the reading flow.

15. A unique footnote on this page retains its original text.

The next footnote line is also part of the passage.
